

WARRANTY DISCLAIMER Manufacturer and seller warrants only that this product conforms to the product description on this label. Manufacturer and seller make no other representation or warranty or guarantee, whether express or implied, or by usage or trade, statutory or otherwise, disclaims any warranty of fitness for a particular purpose or merchantability, or eligibility of the product for any particular trade usage. Manufacturer and seller do not authorize any agent or representative to make any such warranty or guarantee to the extent permitted by law.

LIMITATION OF LIABILITY To the extent consistent with applicable law, in no event shall manufacturer or seller be liable for special, incidental or consequential damages, or for damages in their nature or penalties relating to the goods sold, including use, application, handling, and disposal. To the extent consistent with applicable law, manufacturer and seller shall not be liable to buyer or user by way of indemnification to buyer or to customers of buyer, if any, or for any damages or sums of money, claims or demands whatsoever, resulting from or by reason of, or rising out of the misuse, or failure to follow label warnings or directions for use, of the goods sold by manufacturer or seller to buyer. All such risks shall be assumed by the buyer, user, or its customers. To the extent consistent with applicable law, buyer's or user's exclusive remedy, and manufacturer's or seller's total liability shall be for damages not exceeding the cost of the product. If you do not agree with or do not accept any of the directions for use, the warranty disclaimers, or limitations on liability, do not use the product, and return it unopened to the seller, and the purchase price will be refunded.

May be used in the method of U.S. Patent No. 9,386,774. Other patents pending.

PhycoTerra®
ORGANIC

ALL NATURAL

PhycoTerra® Organic is a proprietary whole-cell pasteurized liquid product for organic production/organic gardening* produced from open microalgae cultures. PhycoTerra® Organic provides organic matter to the soil and improves aggregation.

For more information on use and registration, contact Heliae at (800) 998-6536

*Complies with the United States Department of Agriculture's National Organic Program standards.

NON-PLANT FOOD INGREDIENT
9% Organic Matter derived from algae

It is applied cost effectively by multiple ground application methods.

Information regarding the contents and levels of metals in the product is available online at: <http://www.aapfco.org/metals.html>

NET VOLUME

SHAKE OR AGITATE THOROUGHLY BEFORE USE
See below for instructions

APPLICATION TYPE: Soil Applied

RATE: 0.125 to 1.0 gallon per acre per application in minimum of 5 gallons of finished solution.

GENERAL RECOMMENDATIONS: Apply in the seed furrow, T-banded, side-dressed along the seed furrow (2 x 2), or via any irrigation method or other methods which effectively apply the solution to the soil.

TIMING: Soil applied at-planting in furrow followed by subsequent applications at intervals of 2-4 weeks as needed for soil conditioning, and overall plant vigor and maximized crop potential.

DIRECTIONS FOR USE

PhycoTerra® Organic fully mixes in water and is suitable for use in liquid soil applied and irrigation applications. Application can be in the seed furrow, T-banded, side-dressed along the seed furrow (2 x 2), or via flood, drip or pivot irrigation or other methods which effectively apply PhycoTerra® Organic to the soil. PhycoTerra® Organic needs to be shaken or agitated to ensure full suspension of product prior to measuring and adding the product to the application mix. Supply tanks and spray tanks should have agitation. In outdoor applications, it is recommended to apply in early morning or late afternoon when temperatures will stay below 85°F (30°C).

SHAKE/AGITATE THOROUGHLY BEFORE USE

Tighten cap. Firmly holding the handle, flip the jug upside down. Keeping the handle as the pivot point, rock the jug back and forth for 15 seconds.

Remove protective seal and use accordingly. To rinse the jug of any remaining product, fill the jug with water and cap and once again use the "flip and rock" motion.

STORAGE RECOMMENDATIONS

After opening the product, the container should be used in its entirety within 24 hours. Store in a cool, dry place. For best results, it is recommended to keep this product in its original packaging until use. Use within the season purchased. Avoid spillage as product may create a slip hazard.

PRECAUTIONS FOR USE KEEP OUT OF REACH OF CHILDREN

FIRST AID

Ingestion: Rinse mouth thoroughly. Do not put any object in the mouth of an unconscious person. In case of any symptoms of poisoning, take the patient to the doctor and show the label.

Contact with the skin: Wash with plenty of water and soap.
Eye Contact: Flush eyes with plenty of water for 15 minutes.
